Mr. E. D. Montgomery Joins Staff Of First Baptist Church

Mr. E. D. Montgomery has joined the staff of First Baptist Church, Bay St. Louis. He will serve as Minister of Music and Education.

Mr. Montgomery earned the Bachelor of Arts degree from Mississippi College with a major in Religious Education and a minor in music. He will continue this specialized training in the New Orleans Baptist Theological Seminary while serving the First Baptist Church, First Baptist Church, Summit, Miss., and the Richland Baptist Church, and the Van Winkle Baptist Church in Jackson.

In addition to this vocational experience he served for 4 years in the United States Air Force.

Mrs. Montgomery has a B. S. degree in nursing and holds an instructor's position in Baptist Hospital in New Orleans.

LEAGUE OF WOMEN VOTERS MET ON OCTOBER 18TH

The Board of the League of Women Voters of Hancock County met on the afternoon of Tuesday, October 18th at the home of Mrs. Otis Winnard to formulate plans for a general meeting to be held on October 27 at 8 p. m. in the City-County Memorial Library.

Mrs. Winnard, president of the League, urges all members and those interested in League work and in the forthcoming elections to attend the general meeting. She promises a most rewarding evening. There will be a skit taking off the much-discussed Kennedy-Nixon debates, written by Mrs. E. C. Samuel, as a preliminary to the more serious talks of the evening. Mr. Lamar Otis will be the main speaker and his topic will be "The Voter—His Obligations and His Privileges."

Mr. Otis will go into detail as to the voting requirements for the election and he will answer any questions that concern our somewhat confusing voting laws. Mr. Otis will be followed by Walter James Phillips, who will explain the amendments to the State Constitution to be voted on in the same election. It has come to the attention of the League that few of our electorate are even aware that on these amendments will be on the ballot, much less knowing what they are about, and in pursuance with the League's policy of encouraging an enlightened vote, Mr. Phillips will present these amendments and answer any questions the audience may choose to ask about them.

Coffee will be served after the program. And the League assures all husbands, fathers and unmarried males that they will be warmly welcome at the meeting. To use the well-worn phrase, a woman's meeting without a leavening of men is like a soft boiled egg without any salt.

Mrs. C. C. McDonald, Jr., chairman of Voters Service, plans to have all available League members working on Election Day. She would like anybody who can volunteer to serve as observers or to provide transportation or who would like to make posters to get in touch with her.

Local Mail Volume Helps Set National Record

Mail volume in the Bay St. Louis area contributed to a national record of nearly 64 million pieces of mail, including a billion pieces of parcel post during fiscal year last June 30, Postmaster Andy J. Becker said.

Based on advance information from the annual report of the Department, which has been made available to Postmaster Becker, it was revealed that the present day figures represent an increase of 23 percent over the 1953 volume which totaled 50.9 billion pieces.

This increase, along with a sharp discontinuation of mail-carrying trains in recent years, has helped foster a complete revolution in postal transportation including far more extensive use of highway vehicles, he said.

Locally the transportation pattern for Bay St. Louis has changed in the following manner: Most of the parcel post for the Bay St. Louis area is now being transported by truck and semi-trailer from Mobile and New Orleans; La. A. right hand drive vehicle has been added to the city delivery service. And a new rural route has been established to serve patrons in the Wave-land, Clermont Harbor and Lake-shore area. The former rural route has been extended to serve the area as far north as the Rocky Hill Community. The city delivery service at this office has been extended to cover all the north end of Bay St. Louis which was previously served by Rural Delivery.

Today, 85 per cent of the vast Postal vehicle fleet — operating

under a modernization and improvement program initiated in 1924 — is composed largely of new types of standard, commercial, light-weight, maneuverable vehicles. This conversion, he noted, has meant the "retirement" of worn out units—many in use for ten years or more—which in turn, has greatly reduced maintenance costs for the Postal Service.

Described as a vital part of this program which was launched approximately seven years ago under the direction of Postmaster General Arthur E. Summerfield, vehicle unit purchases during the fiscal year 1960 amounted to more than 8,500 as compared with 115 similar purchases during fiscal year 1953.

"The motor vehicle inventory on June 30, 1953, was 18,969," Postmaster Becker said, "and although the 1960 statistics are not yet in final form, it is estimated that more than 34,000 new vehicles have been purchased since fiscal year 1954 and that with the retirement of old vehicles the inventory total on June 30 of this year was a little under 37,000 vehicles."

"Still another development of vital importance in connection with motor vehicle service is the fact that 119 new maintenance facilities have been constructed since January, 1953, to service this fleet. Ten more are under construction on June 30 and 25 more are now in the planning stage."

"Other figures in the preliminary 1960 report revealed that the post offices which now have motor

vehicle service available total more than 3,620 while the corresponding figure for fiscal year 1953 was 2,433. The total of miles traveled in fiscal year 1960 is estimated as a shade under 400,000,000 as compared with approximately 200,000,000 in fiscal year 1953.

"One of the most outstanding features of this motor vehicle improvement program is the mechanization of foot delivery routes which was first mentioned in the Annual Report for fiscal year 1958. This revealed that the motor vehicle inventory for June 30 of that year showed 11,914 very light vehicles and mailsters' with the notation that this figure included certain vehicles previously reported in the truck category. In the 1959 report this item had climbed to a little over 5,000 and the preliminary estimate from the 1960 table shows 5,816."

"Advances reports clearly indicate that this part of the mechanization program will be handled at a much faster rate in fiscal 1961. Commitments already have been made for extension in installations of 2 cylinder mailsters and four-cylinder right-hand drive trucks which have undergone exhaustive tests and have been found to be highly satisfactory. On the basis of experience with more than 5,700 mailsters already in operation it has been estimated that each one saves the taxpayer a net of \$300 a year."

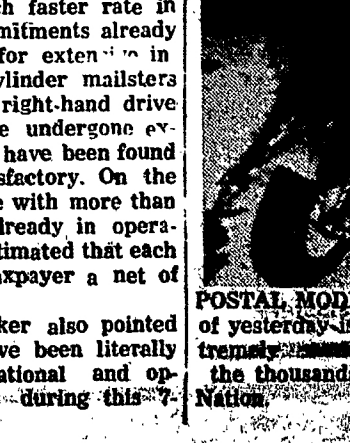

Postmaster Becker also pointed out that there have been literally scores of organizational and operational changes during this year.

year improvement program and that each one of them is directed towards the more efficient and more economical operation of the Post Office Department.

Some of the more significant of these are: Decentralization of postal operating management out of the Post Office Department in Washington, D. C., by setting up fifteen regional headquarters offices; adoption of modern business accounting and safely programs to reduce on-the-job accidents.

elimination of hand prepared checks, payroll and others, at each post office by making payments from regional offices with estimated net savings of \$20,000,000 a year; introduction of new concepts of personnel management for the benefit and welfare of more than half a million postal employees, including both training programs for promotion and safety programs to reduce on-the-job accidents.

the latest type of electronic machines; replacement of the old "Mallards" with the new "Mallards" economical light-weight vehicles, enabling the postman to save the thousands of rapidly growing suburban areas.

NATIONAL NEWSPAPER WEEK IS YOUR WEEK, TOO

by Louis Spillman, President and Editor, Waynesboro, Va. News-Visionist
(Twice winner of Honorable Mention for daily newspaper promotion at N. N. W.)

National Newspaper Week is 21 years old in the United States this year.

But individual freedom in the United States is 100 years old. National Newspaper Week was initiated and is sponsored annually by Newspaper Association Manager, Inc., an organization of executive heads of national, regional and state newspaper publishers and press associations.

Our three great freedoms set forth in the Bill of Rights are "freedom of the press," "freedom of speech" and "freedom of religion." The three issues of National Newspaper Week are the way for these three freedoms, which become fact with the coming into force of the Bill of Rights on September 12, 1791.

These freedoms belong to the people. "Freedom of the press" is not the property of newspaper men, but of all the people. It is their guarantee of the right to know their government and its actions.

"Freedom of speech" is not the property of newspaper men, but of all the people. It is their guarantee of the right to express their opinions, but of all the people. It is their guarantee of the right to free and unbiased expression of their convictions.

"Freedom of religion" is not the property of minister, priest or rabbi, but of all the people. It is their guarantee of freedom of conscience and of choice worship in accord with that conscience.

National Newspaper Week is designed to focus attention on these freedoms. A free press is the partner of the people in the effort to preserve these rights.

Newspapers promote National Newspaper Week not from a selfish motive, but to emphasize these basic and vital freedoms, the partnership of press and people and the need for everyone exhibiting dedication and diligence in the eternal effort to preserve these freedoms.

It is of utmost importance we present a solid front for freedom in a world in which freedom is being attacked so violently and so unscrupulously. Truth makes us free. Let us now resolve to continue the dissemination of truth as the indestructible bulwark against ignorance, enslavement, bigotry and political chicanery.

Newspapers are, indeed, the guardians of freedom.

Water Labor Honored At Xavier University New Orleans, Wednesday

Victor H. Labat, son of one of Bay St. Louis' oldest Negro families, was among the 4 professors at Xavier University, New Orleans, honored Wednesday night at a convention marking the University's 25th anniversary.

He was granted the Francis Anthony Drexel award named in honor of the father of Xavier founder, Mother Mary Katherine Drexel, S. N. D.

This award has been granted only three times before, to Archbishop Joseph F. Rummel, Dr. Ralph Bunche, and Mary McLeod Bethune.

Labat, chairman of the department of industrial arts and alumni director, was honored as a teacher and a distinguished Catholic layman. He has been a member of the New Orleans Roman Catholic Archdiocesan school board for a number of years.

The citations were read by the Rev. Richard Wagner, S.S.J., university chaplain; and the honors were conferred by the Rev. William P. Conlon, O. P. professor of philosophy.

What to do till
the doctor comes

Emergencies strike with sudden swiftness. A slip, a fall, a collision is seldom announced. So be prepared. At least one member of every family should have a working knowledge of first aid. There are books on the subject and the American Red Cross gives classes where such information and training can be acquired. We recommend that you, or someone in your household, acquire the know-how. Another worthy recommendation is to maintain a supply of first aid medications on hand at all times—antiseptic, gauz bandages, adhesive tape, alcohol, soothing cream, etc. The cost is small and we'll be glad to assist you in your selection.

Bay Civitan Club Met In Special Session

The Bay Civitan Club met in special session, Tuesday, October 11, for matters of business. Being a service club, the group now has projects in operation. One of the school safety stickers displayed on automobiles around our city. Another is the fruit sale which will begin soon. The annual sale of fruit cakes is a major fund raising project of the club. Proceeds will be used to provide special equipment for exceptional students. The club has changed its regular meeting time from a noon meeting to evening time, 6:30-7:30, to reach more members. "Any person desiring to serve in our club to BUILD BETTER CITIZENSHIP through this organization is welcome to apply for membership," according to James Williams, President. The regular meetings will be conducted on the third and fourth Tuesday even-

ings. An attractive feature is offered those who are thinking of joining at this time.

SOARING DEMAND FOR PAPER

One of the most promising assets of the state and regional economy is the pulpwood industry, which has grown to such a rapid extent in post war years that Southern paper mills now produce something like 3,500 ft. of paper every minute. This enormous production is helping to meet the economy's demands. Many Mississippians would be amazed to know the many new uses of paper being developed. During the years ahead, the nation will demand an increasingly larger volume of paper. Mississippi's mild climate and long growing seasons give a strategic advantage in wood production.

COUNTY AGENT'S NOTES

O. O. SWORDS
County Agent

Every once in a while you have to paint your house, put a new roof on it and do some papering and other redecorating jobs. 1961 has been designated as Pasture Improvement Year. There are a number of things we can do to remodel, recover and revitalize our pasture.

The No. 1 job to be done in 1961 is limiting and fertilizing. We are missing a bet where lime is needed if it is not applied. If you will figure the cost and spread it over six years, the annual cost is low. We must fertilize pastures and fertilize them according to the plants that are growing and the seasons they grow. Labor is scarce and machinery is high, so we must get all the grass we can per acre.

The next job we must plan to do is to remodel our pastures weed control. It can be done with clippers and chemicals.

Management is the next important job in remodeling pastures. The first on this list is keeping down overgrazing. The first and best method to keep down overgrazing is fertilizer so there will be more grass. The next thing to do to help keep down overgrazing is dividing the pasture into different areas so each pasture can be given a rest each time it is grazed down.

Feeding Oats For Hay or Grain

Oats to be used for grain or hay should be planted in October. On the grain areas put no le-

gume. On the areas for hay, the best legume is vetch. Use 100 pounds of oats and 25 pounds of vetch. This will give some grazing in the spring and a good hay crop following the grazing.

Forest Fires
Reduce forest fires. Although the fire damage is already being reduced, the loss of woods fires during 1959-60 was around a half million dollars.

You can help reduce fire damage by being careful when you do any burning, having help available and advising local fire crews when you plan to do any burning.

Lime
If your land needs lime apply it. Lime on land that needs it is just as important as using other needed fertilizer. When you leave off lime and your land needs it, you will have poor pastures and in most cases, no clover.

Farm Machinery
Did you ever find yourself in a position where you couldn't raise the money for a piece of farm machinery you needed? Well, it would never have happened if you had planned your purchases around U. S. Savings Bonds. You see, Savings Bonds offer you a systematic way of saving for the future.

You know that in 7 years, nine months your E bonds will mature, and that every \$75 put into bonds now you'll receive \$100 then. That's an interest rate of 3 1/2% annually on bonds you hold to maturity. If an emergency arises, your bonds are ready money. If you choose to leave your bonds past maturity, they continue to draw a high rate of interest. Your money is safe in bonds. It can't be lost, destroyed or stolen because all bonds are registered with the Treasury. See your banker today about saving regularly with Savings Bonds. YOU'LL never again wonder how you're going to raise the money for what you need.

Sylvest Moran Winner Of Forestry Contest

Marion Parker, Hancock County Area Forester, announced that Sylvest Moran of Bay St. Louis and Kiln was named winner of the Sears-Roebuck Five-Acre Forestry Contest. This is a forestry improvement project designed for adult timberland owners.

The contest is sponsored by the Sears-Roebuck Foundation and the Miss. Forestry Association. The event offers an excellent opportunity to show how forestry practices can mean more money to the land owner's pocket, Mr. Parker added.

Judging is based on planning, fire protection, timberstand improvements, harvesting and records kept on the five acres. Mr. Moran who was accompanied to Jackson by Mr. Parker and J. Roland Weston, received a certificate from the Foundation and was guest at luncheons and other activities during the State Fair, last Friday, where he viewed the forestry parade and crowning of the new forestry queen in front of the governor's mansion.

Board of Directors Of State C. of C. - MEC Meeting In Jackson

The first meeting of the board of directors of the Mississippi State Chamber of Commerce-MEC for the current fiscal year will be held in Jackson on Thursday, November 17th. President Bruce C. Aultman of Hattiesburg reports.

Mr. Aultman said the meeting will begin at 10 a. m., and conclude following a luncheon. Directors from this area are: Joe B. Burrow, Bay St. Louis; J. K. Milner, Gulfport; John C. Dees, Wiggins; Jacob D. Guice and Anthony V. Ragusin, both of Biloxi. "The Board only has two scheduled meetings during a year," the president said "one in the fall the other in the spring just prior to the annual meeting. Therefore, it is doubly important that all members attend."

He said all general committees and board committees are expected to make reports. Some have policy recommendations that will be voted upon.

Fall Enrollment At U. of Miss. 5,166

University, Miss.—The fall enrollment for the University of Mississippi on its Oxford and Jackson campuses is 5,166, it was announced here today. The enrollment on the Oxford campus alone has increased 15 per cent, school officials said. There are 1,700 women students.

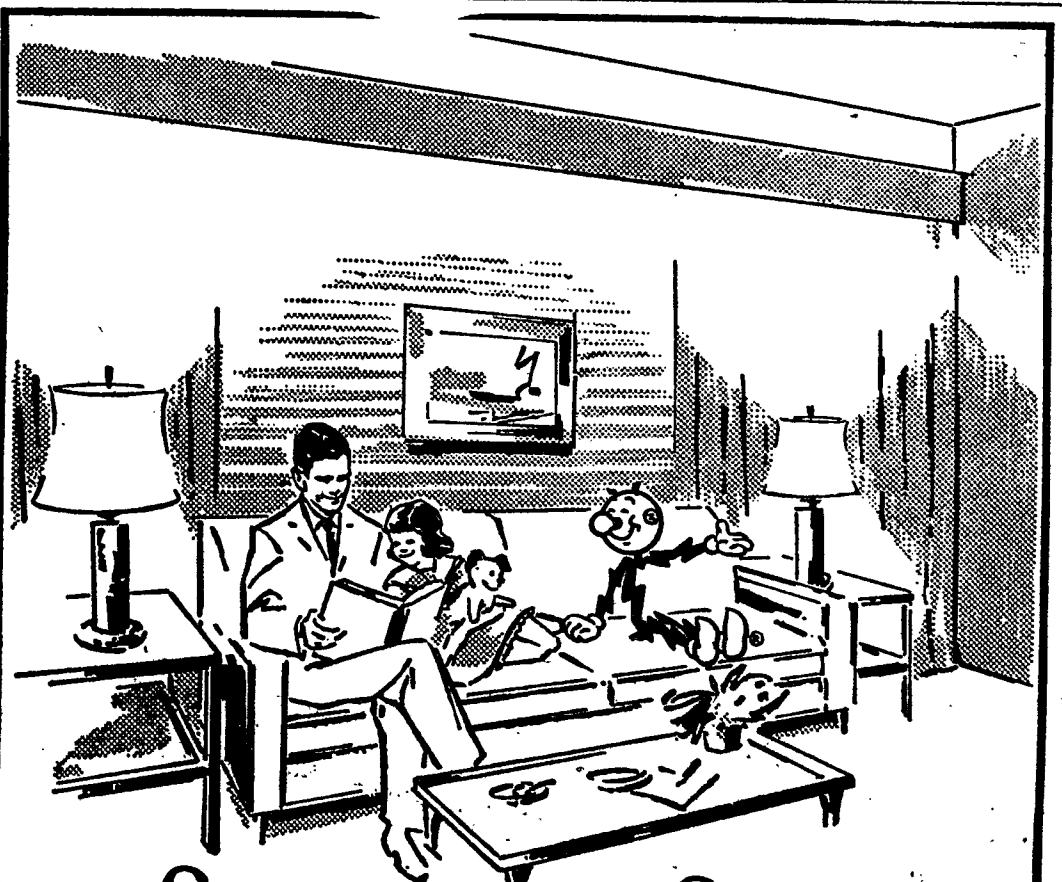

Students On Honor Roll At Bay High School

Bay High Principal Donald Caldwell has announced that the following students are on the school's Honor Roll for the first six weeks

of this year's school term:

Seniors: Fellers Drury, Dominica Morreale, Rose Ann Thomas.
Juniors: Judy Berns, Ann Clark, Ripple Rausch, Kathleen Schaefer, Warren Traub, Fred Watts, Carol Western.

Pictured above is an artists rendering of the new 60 boy dormitory, to be constructed in the near future at Pearl River Junior College. The structure, designed entirely

of masonry and steel will offer the most modern architectural features. The two story building will consist of a series of units comprised of two rooms to each unit, with

connecting baths. Each room will house two men. Access to each living space is via a concrete covered walk running the full length of the building's upstairs. The downstairs will consist of a faculty apartment and a lounge for the students with TV, magazine racks and other facilities for relaxation. The building site will be on Highway 28, west of the entrance to the campus.

Met Tuesday Night

Beta Rho Chapter of Beta Sigma Phi held a business meeting Tuesday night, Oct. 11, at the home of Mrs. Bess Hill, Jr.

It was decided that the Chapter would sell Duncan Hines fruit cakes before Thanksgiving and Christmas as the Ways and Means project.

The date for the preferential tea for rushers and members has been changed to October 25 from 2 to 5 p. m. at the home of Mrs. E. P. Larroux, sponsor.

Mr. B. G. Garrison, program consultant for the tubercular drive, briefed the chapter on tuberculosis and outlined the duties for the coming campaign.

Beta Rho Chapter's aim in the campaign this year is to top the all-time high of \$708.30 raised in Hancock County. Mr. Garrison stated 50 to 60 percent of funds collected will remain in the county.

These funds, he added, are distributed in various ways to include transportation to and from the sanatorium at Magee, medicine, X-Rays and pajamas for the needy. He also stressed the im-

portance of having T-Shirts made as soon as possible.

The next meeting scheduled for November 8 will be held at the home of Mrs. E. V. Alms.

AMERICAN LEGION TEAMS ARE BUSY COLLECTING DUES

Gilbert Gayard, Jr., Adjutant of Clement R. Boncompagni Post-American Legion, said membership teams have been active in collecting 1961 dues in the Bay St. Louis area.

To date, he added, they have 220 members while the quota for

the year is 300. He urged all members to pay their dues by November 15.

Members who are not by the membership teams, are urged to pay their dues to the American Legion Post 138, Bay St. Louis.

The Princess phone

IT'S NEW, IT'S MODERN, IT'S SMALL—
SEE THE DIAL LIGHT UP WHEN YOU CALL

Learn to drop in at your nearest telephone office (address listed in the Directory) and see the Princess phone. You'll find it's different from any phone you've ever seen. And it comes in your choice of two decorator colors—white, beige, pink, blue and turquoise. Just call or come in, or ask a telephone saleswoman to show it to you.

Next, the dial lights up. It glows in the dark so you can find it quickly and when you lift the receiver, lights up brightly to make dialing easy. Of course, it's modern. The Princess phone is styled for the modern taste that wants beauty and simplicity together. And it comes in your choice of two decorator colors—white, beige, pink, blue and turquoise. Just call or come in, or ask a telephone saleswoman to show it to you.

W. S. C. S. Morning Circle Met Wednesday

The Women's Society of Christian Service Morning Circle met last Wednesday at the home of Mrs. H. H. Shattuck with Mrs. H. J. Thompson as co-hostess. Mrs. Otis Winnard, chairman gave the opening prayer and Mrs. J. W. Clark presented the study program on foreign missions. A salad plate and coffee were served following the business session.

ATTEND PARTY

Mr. and Mrs. George L. Seuzeneau, Jr., attended a party last Saturday night hosted by Mr. John Weston at his New Orleans apartment, honoring their daughter Llane on her birthday.

The guest list included Miss Seuzeneau's brother-in-law and sister, Mr. and Mrs. Donald E. Lagarde, Jr., of New Orleans and a number of her friends from New York and New Orleans.

Miss Seuzeneau is with Eastern Airlines with headquarters in New York.

Girl Scout Rose To Be Introduced At National Convention

At the national convention of Girl Scouts of the U. S. A. in St. Louis, Mo., in November, the American public will be introduced to the Girl Scout Rose.

The first bouquet of the Girl Scout Rose will be presented to Mrs. Charles U. Culmer, the podium of the Kiel auditorium, where the convention will be held, will be decorated with the rose.

This will be the first national event of the Girl Scout Rose which is being celebrated from 1960 to 1962.

The Girl Scout Rose will join the ranks of such luminaries as Mamie Eisenhower, Queen Elizabeth, Konrad Adenauer and Kate Smith.

An eminent hybridist, Eugene Boerner, director of research for Jackson & Perkins Co., a leading Rose nursery, developed the Girl Scout Rose. It is a floribunda which bears clusters of up to 15 blossoms on each stem.

The first roses to be sold to anyone will go to members of Girl Scouts. The orders for the roses must be placed through the Gulf Pines Girl Scout Council in this area. The roses will not be available for planting until the spring of 1961.

KITCHEN SHOWER FOR BRIDE-ELECT

Mrs. Charles Breath, Jr., was hostess at a kitchen shower Monday night honoring bride-elect Catherine Schindler.

A red and white color scheme was used in the decorations. The table was centered with a cake in the shape of an umbrella flanked by silver candle holders with white tapers decorated with miniature red chenille umbrellas.

Miss Schindler, who chose a red Jersey sheath for the occasion, was presented a white carnation corsage trimmed with miniature kitchen utensils.

Mrs. Schindler and Mrs. P. Babin were given red carnation corsages.

Miss Schindler was feted with a surprise miscellaneous shower Wednesday night at the Bay St. Louis Youth Center with Mesdames Merlin Ladner, Elus Depree and Edith Pucheu as hostesses.

The refreshment table, covered with a white lace cloth, was centered with a white bell-shaped cake trimmed in pale pink and joined with a bow topped with a miniature bride and groom.

She was presented a pink carnation shoulder bouquet, and the mothers were each given a red carnation.

The marriage of Miss Schindler and Mr. Emile Babin will be an event of October 29 in Our Lady of the Gulf Catholic Church.

ANA TURNER ANTHONY QUINN ANDRA DEE JOHN SAXON LOYD NOLAN RAY WALSTON RICHARD BASEHART

Ernest Borgnine as New York Police Lt. Joseph Petrosino, seems to be getting the worst of it from Vincent Barbi (Mia Farrow) in this scene from Allied Artists' "Pay or Die," at the Legion Theatre, Gulfport, starting Sunday. Borgnine, Zohra Lampert and Alan Austin are starred.

"The Lost World" To Show At Star Theatre October 20, 21, and 22

Irwin Allen's production, "The Lost World," a Twentieth Century Fox CinemaScope, DeLuxe color release starring Michael Ronnie, Jill St. John, David Hedison, Claude Rains and Fernando Lamas was caught like many other films during the past actor's strike with its footage down.

But, unlike the other films that relied on humans for their subject matter "The Lost World" kept right on shooting. The critters that solve the unemployment problems? Prehistoric animals.

To create distinct and authentic roars for each of the types of beasts was the job of the studio sound men. Monsters whose throaty roars will ring across theatres include a pterodactyl, a brontosaurus, a tyrannosaurus rex, a Jurassic lizard 60 feet long and several unclassified dinosaurs.

All told there were 13 sound editors working on the voices of the animals who roamed the earth in 150,000,000 B. C. The picture will be at the Star Theatre, Thursday, Friday and Saturday, Oct. 20, 21 and 22.

WINS BLUE RIBBON

"The Subterraneans" At Legion Theatre Oct. 27, 28 and 29

Magnificent panoramic view of San Francisco and its world-famous harbor, photographed in CinemaScope and color, are a highlight of Metro-Goldwyn-Mayer's arresting drama "The Subterraneans" film version of Jack Kerouac's much discussed novel of today's "New Bohemia." Leslie Caron and George Peppard, enacting the lovers of the story, play many of their scenes on the steeply inclined struts of the Bay City and in other locales from which a breath-taking vista of the city, both by day and night, may be seen. "The Subterraneans" also co-star Janice Rule and Roddy McDowall. "The Subterraneans" will show at the Legion Theatre Thursday, Friday and Saturday, October 27, 28, and 29.
